

CheckUp Plus™

Now there are no excuses for not seeing a dentist

CheckUp Plus from Delta Dental of Iowa is a simple way to promote wellness among employees.

- CheckUp Plus is a plan design that waives diagnostic and preventive dental service costs from a member’s annual maximum amount.
- CheckUp Plus promotes regular visits to the dentist for exams, x-rays and cleanings – which can improve overall health.
- Preventive care can save costs over the long-term by reducing the need for more expensive dental services.
- Every dollar spent on preventive dental services saves over \$8 in future treatment costs. ¹

What services are included?

Examinations, routine x-rays and cleanings are included services. Sealants and fluoride applications can also be included.
