

Annual Eye Exams Just Got Cooler

The One & Sun™ Plan, an Exclusive DeltaVision Benefit

With the One & Sun Plan, when your eligible DeltaVision members get an annual eye exam, they can claim a **FREE pair of designer sunglasses** — just for using the vision benefits they already have. It's our way of encouraging a healthy habit that could make an important difference, since regular eye exams can help identify early signs of many costly health conditions.¹

How It Works

- 1 When an eligible member has a routine eye exam and DeltaVision receives a qualifying claim, the member will automatically receive a unique redemption code in the mail.
- 2 The member will then have 90 days to visit oneandsun.com, where they can choose from several top-selling styles.
- 3 Once they enter their redemption code, provide their shipping address and submit their order, their new sunglasses will arrive within 10 business days.

Visit oneandsun.com to browse all available styles and view additional program details.

Why Eye Exams Are Important

Regular eye exams can help **identify early signs of chronic health conditions** like high blood pressure, diabetes, heart disease and high cholesterol.¹

People are **4 times more likely to get an eye exam than a physical**, so it's often the first sign something is wrong.²

Diabetes and pre-diabetes represent the **third most costly health condition for employers**. This condition affects more than 110 million in the U.S. and is expected to affect twice as many in 20 years.³

The Vision Council states that **employers can save as much as \$7 for every \$1 spent on vision care** due to reduced absenteeism, increased productivity and lower overall claims costs.⁴
