

DeltaVision®

Vision exams are in style

DeltaVision offers an exclusive benefit — One & Sun™

When your eligible DeltaVision members get an annual eye exam, they can claim a **FREE pair of designer sunglasses (Ray-Ban®, Oakley®, Kate Spade® and more)** — just for using the vision benefits they already have. It's our way of encouraging a healthy habit that could make an important difference, since regular eye exams can help identify early signs of many costly health conditions.¹

How it works

- 1 When an eligible member has a routine eye exam and DeltaVision receives a qualifying claim, the member will automatically receive a unique redemption code in the mail.
- 2 The member will then have 90 days to visit oneandsun.com, where they can choose from several top-selling styles.
- 3 Once they enter their redemption code, provide their shipping address and submit their order, their new sunglasses will arrive within 10 business days.

Visit oneandsun.com to browse all available styles and view additional program details.

See why eye exams matter

Regular eye exams can help **identify early signs of chronic health conditions** such as diabetes, heart disease, high cholesterol, blood pressure, glaucoma and cataracts.¹

People are **4 times more likely to get an eye exam than a physical**, so it's often the first sign something is wrong.²

People with diabetes account for 1 of every 4 health care dollars spent in the U.S. And, **missed workdays account for \$5.4 billion in annual indirect costs**.³

The **average employer gains \$7 for every \$1 invested in vision benefits** saving over \$2,700 annually per employee.⁴
