

FIND Dental Education Loan Repayment Program

What is the FIND Project?

The purpose of the Fulfilling Iowa’s Need for Dentists (FIND) project is to increase the number of dentists in rural, underserved areas of Iowa. Through state and local collaboration, the FIND Project works to stimulate community matching funds and promote the Delta Dental of Iowa (DDIA) loan repayment program to targeted communities and dentists.

The FIND project offers two levels of loan repayment funding over a five-year commitment period: \$125,000 for a dentist serving in a priority county, or \$200,000 for a dentist serving in a high priority county. This includes funding from DDIA and the state of Iowa, and \$5,000 in community match.

Note: Dentists must have dental educational debt more than the total award amount of \$125,000 or \$200,000.

Who may apply to the FIND Loan Repayment Program?

To apply for the program, dentists must be:

- Fully trained and licensed (or in the process of becoming licensed)
- Working full-time (minimum 32 hours/week)
- A partner or on the path to partnership in a private practice setting
- Committed to public health and serving in a rural or underserved area in Iowa
- Willing to allocate 35% of patient visits to underserved persons* during the program period, including a minimum of 15% Medicaid-insured.

**"Underserved" includes persons who are: Iowa Medicaid-insured, within 200% of the federal poverty level, vulnerable older adults, nursing home residents, children ages 0-2, disabled, homebound, homeless, refugees, undocumented immigrants, seasonal farm workers, and others as determined by DDIA.*

Program timeline and process:

May 1	Initial contact with Delta Dental of Iowa & online account established
July 1	Application due
September 1	Community Agreement and matching fund documentation due to DDIA
November 1	Applicant notified of award status
December 1	Community match checks due to DDIA
January 1	Program start date (first loan payment disbursed during first quarter)

To access the application:

1. Go to www.deltadentalia.com/foundation/
2. Select Loan Repayment (upper area of screen)
3. Select Dental Education Loan Repayment Program Application
4. Create an applicant account**
